

## LEAD Program Information

Bishop Dwenger High School is participating in the Leading Educators Against Drugs (LEAD) Program. The program offers information and convenient, affordable drug and alcohol tests that produce immediate results in the privacy and safety of your home. In the event of a positive result, we can direct you to appropriate community resources without law enforcement or school intervention.

*If you use a test kit, neither you nor your child is required to report the results to anyone! The test is designed to open dialogue and honest communication between you and your child. Bishop Dwenger and the Allen County Sheriff's Department will have no part in the administration or enforcement of the testing process. Test kits will be provided in confidence. Parents then can conduct the tests and read the immediate results in private.*

Bishop Dwenger is offering this service as a tool for parents to start an open discussion with their children about the dangers of drug abuse and to help parents deal with issues that can interfere with a child's ability to be a healthy student.

The kits and additional resource materials are available by contacting a completely anonymous direct phone voice mail, 260-496-4800, or e-mail to LEAD@bishopdwenger.com. The kit will be then be mailed to you. An addressed envelope will be included to return the cost of the test. No one will alert anyone in law enforcement or in the school administration that a kit has been requested. No list of names will be kept.

The kits are also available Monday through Friday, 8:00 am until 4:00 pm at the Allen County Sheriff's Department (12535 Lima Road, Fort Wayne, Indiana, 260-449-7431).

L.E.A.D. provides a Parent Hotline at 1-800-284-5444 or you can visit their website at [www.leadtds.com](http://www.leadtds.com).

Available individual test kits include:

<b>Test</b>	<b>Cost</b>
Barbiturates (BAR)	5.00
Benzodiazepines (BZQ)	5.00
Cannabinoids (THC)	5.00
Cocaine (COC)	5.00
Methamphetamine (MET)	5.00
Opiates (OP/MOR)	5.00
Ecstasy (MDMA)	5.00
Alcohol Screen Saliva Test	5.00
Nicotine Test	5.00
<b>*THC/COC/MOR/MET</b>	<b>15.00*</b>

The above list includes the most commonly used drugs.  
Contact us for other available drug screens.

**\* Recommendation:** The 4-panel test kit plus the alcohol screen saliva test can be used by parents to know which drug, if any, is being used. The results would show marijuana, cocaine, meth. opiate or alcohol use.

**THC/COC/MOR/MET + ALCOHOL SCREEN TEST KIT     \$20.00**
