****ALL Math courses are required to have a graphing calculator.** We recommend the, TI 84C, or TI 84+ or TI 84+CE. These are the ones the teachers will use in class. If your student chooses a different calculator, they will need to learn how to use it on their own. Save the proof of purchase, which will be turned in to the teacher at the beginning of the year. We will engrave the calculators with the student's name. TI-Nspire is harder to use and is not allowed for portions of the PreCalculus and Calculus classes. If you have any questions, please contact Susan McTague at smctague@bishopdwenger.com.
