ADMISSION DECISIONS

Colleges and universities grant a variety of decisions regarding admission. Below are a few terms regarding admission decisions. If you have questions about any admission decisions you receive, please see your counselor.

Admitted: Congratulations! You have been accepted to the college and have the opportunity to attend.

Denied: You have been denied admission to the college. This decision is usually final.

Deferred: If you have been deferred by a Rolling Decision school, you will need to provide updated academic information for further consideration. This includes new SAT/ACT test scores and/or first semester grades. If you do not provide updated academic information, you will likely not be granted admission. If you have been deferred by a school during Early Action, Restrictive Early Action, or Early Decision, you will be deferred to the next application period, which is Regular Decision. You may provide updated academic information for review. A new decision will be granted at the end of that application period.

Waitlisted: This decision is usually granted at the end of Regular Decision in the spring. If you are added to the waitlist of a college, you may remain in consideration for admission until late-May or June. There is no guarantee that admission will ever be offered. Remaining on a waitlist is optional. If you would like to remain on a waitlist, communicate your continued interest to your admission counselor. If you decide to attend another college, remove your name from any other schools' waitlists.

ONLINE SCHOLARSHIP SEARCHES

Do not limit your scholarship search to those publicized in the Senior Bulletins. There are countless websites to help you search for scholarships. The scholarship search process is yearlong and ongoing. The sooner you start, the better.

1. Check each potential college's website for scholarship opportunities for incoming freshmen.
2. Naviance has a National Scholarship Search link under the Scholarships and Money heading under the Colleges tab.
3. A few recommended websites for general scholarship searches are:
www.fastweb.com
www.collegeboard.org
www.college-scholarships.com
www.cappex.com
www.scholarships.com
<https://learnmoreindiana.org/cost/finaid.org>

Please note, you should never pay for a scholarship search nor to apply for a scholarship.

NET PRICE CALCULATOR

Net Price Calculators (NPC) are available on a college's website to allow you to enter information (financial and/or academic) about yourself to find out what students like you paid to attend that institution in the previous year, after taking grants and scholarship aid into account. If you have an account with the College Board (SAT/AP), you may also use <http://studentnpc.collegeboard.org/>. The purpose of the NPC is to provide students with an early indication of what the bottom-line cost of attendance to that college may be.
